Frequently asked questions

If the health situation deteriorates, can I cancel and get my money back?

Should Public Health directives make it impossible for campers to participate, the stay will be refunded on a pro rata basis for the remaining days. Please refer to the [*Refund and Cancellation Policy*](#).

Do you manage the use of prescription drugs?

Yes, the counselors will do it if necessary, or even the Health Supervisor, as the case may be. Parents must complete the health form when registering for the activity to ensure proper care. For further details, please consult the [*Procedure for the distribution and administration of medicines*](#).

How do I reserve my child's room so that he can be with his friends?

The Camp allocates campers to chalets according to age and gender, and tries to accommodate pairing requests made on the registration form. The choice of rooms and beds is left to the discretion of campers on a first-come, first-served basis. When you arrive, campers can reserve a room and bed, and set up their personal belongings in it.

What level of proficiency is required to take part in the camp?

We welcome young people of all levels. Although a basic knowledge of the instrument is preferable, we occasionally welcome motivated beginners. Lessons are private and young people are not in competition with each other.

If you have any further questions, please consult the [website](#) or [contact the secretariat](#).
